Easter Learning Activities

Enjoy the Easter Holidays

MINDFULLNESS

- Each day draw a scene you can see from your window.
- Write a letter to a friend, family member, or neighbour.

ARTS AND CRAFTS

- Create a collage of a spring scene, out of recycling you find around the house.
- Using recycling, make yourself a piece of clothing. For an extra challenge, attempt to use sewing in its construction.

NATURE ACTIVITIES

- Create a 30cm square frame and place this over an area outside. How many different types of animals or plants can you find inside of the frame?
- Collect an example of as many different plants as you can.

SING-A-LONG

- Choose a song and copy and repeat it's rhythm, using household objects.
- Set a time each day for a karaoke session and have your family join in.

BE PHYSICAL

- Choreograph a dance routine.
- Pick a physical activity (e.g. push-ups, sit-ups, etc) and see how many times you can do it in 30 seconds. Repeat this each day and challenge yourselves to do more each time.

PLAY OUTSIDE

- Can you make a treasure hunt for your family? Challenge yourself by giving them a map, using grid references.
- Create your own throwing and catching game. Write the game's rules down and teach them to someone else.

READ

- Set a time each day where you read a selection of a book to your family.
- Challenge yourself by reading a genre outside of your comfort zone, which you do not normally read.
